Mr. Bujar Leskaj
Chairman
The Albanian Supreme State Audit Institution

Tirana, Albania

Dear Mr. Chairman,

I am greatly shocked by the destructive earthquakes, happened in Albania on the 26th of November where at least fifty people have been died and many more have been wounded. In my view such a disaster is a terrible tragedy that no one can foresee or prepare for it.

I herewith would like to express my profound feelings of compassion and solidarity towards the Albanian victims and extend my heartfelt condolences to their families. I would also like to convey my sincerely hope to the quick recovery of those who were injured and to the quick reconstruction of the damaged properties as well.

Please accept, Mr. Auditor General, the assurances of my highest consideration.

With sincere condolences,

László Domokos
